Potential :
5 years

13% vol.

Tasting notes

The purple color and the fresh and striking mouth with softened tannins make the experience of this wine astonishing. The iodized notes, on the nose and on tasting, unusual in a red wine, bring the grapes back to their maritime genesis and create an unexpected second encounter between land and sea.

Food pairing

Its unique freshness will go perfectly with a beef tartar with oysterleaf (*Mertensia Maritima*), a carpaccio of red tuna with citrus fruits or a tonka cheesecake, bitter cocoa crumble and candied kumquat.
